# Who are we?

We are a Swiss fintech group comprised of software experts dedicated to developing a trading platform with abiding highest standards of swiss data protection.

**Our Goal:** At the core of our mission is to bring trust to the industry.

We have designed two innovative trading platforms, NEO and PRO, tailored to meet the needs of every trader.

# Challenges of Launching a Brokerage

- ✗ High initial setup costs, often exceeding \$60,000.
- ✗ Long setup time, a minimum of 5 months.
- ✗ Additional time and costs for integrating various services components like CRM, Bridge, PSPs, VoIP, etc.
- ✗ The need to select from multiple providers and navigate through complex contracts.
- ✗ Complex onboarding process.
- ✗ Weak data security.

# Wintrado

## Your Brokerage Powerhouse

- Optimised CRM solution for marketing, lead and risk management and call center requirements.
- 4 Bridges, 15+ PSPs, 2 VoIP providers, Dealing desk, Copy trading, Competition, TradingView, Affiliate program.
- Trading Signals and Push Notifications.
- Fully integrated for you within 5 days.
- Easy access to liquidity market and US stocks.

## Two Distinct Apps For Web & Mobile

# Your Advantages

- High Data Security and Privacy.
- Quality and Reliability.
- Precision and Innovation.
- High Conversion Ratio.
- Very Competitive Price.

Bring Trust to Your Clients  
With  Swiss Technology

# NEO App

## Trading Reinvented for the Tik Tok Generation

**Intuitive & User-Friendly** for traders of all levels to navigate and execute trades with its one-click trade opening.

**Engaging & Interactive:** Designed to be fun, vibrant, game-like with interactive visual and sound effects.

**Social Media Shareability:** Easy to use + game-like interactive makes it perfect platform for attracting and engaging a broader audience.

# PRO App

## A Rock Solid Trading Application Your Advanced Users Can Trust

**Fully-Featured:** PRO provides advanced order types and a plethora of charts and Technical Analysis tools through TradingView charts.

**Scalable:** On PRO, users can browse through hundreds of instruments and open an unlimited amount of positions. The app has been battle-tested and delivers excellent performance on all devices.

**Customizable:** The PRO app can not only be change its design to match your brand, it is also easy to integrate with third party services of your choice such as market news, signal providers and many more.

# Embracing Versatility

## Web & Mobile Apps for All Your Trading Needs

Wintrado takes pride in its adaptive approach, understanding that every trader has unique needs and preferences. This is why we've developed top-tier applications, available both on the web and mobile, to ensure a seamless trading experience wherever you are, whatever device you choose.

Whether you're an iOS or Android user, prefer the convenience of your mobile or the comfort of your desktop, Wintrado is with you. Enjoy the freedom to trade your way, on your terms, across all platforms!

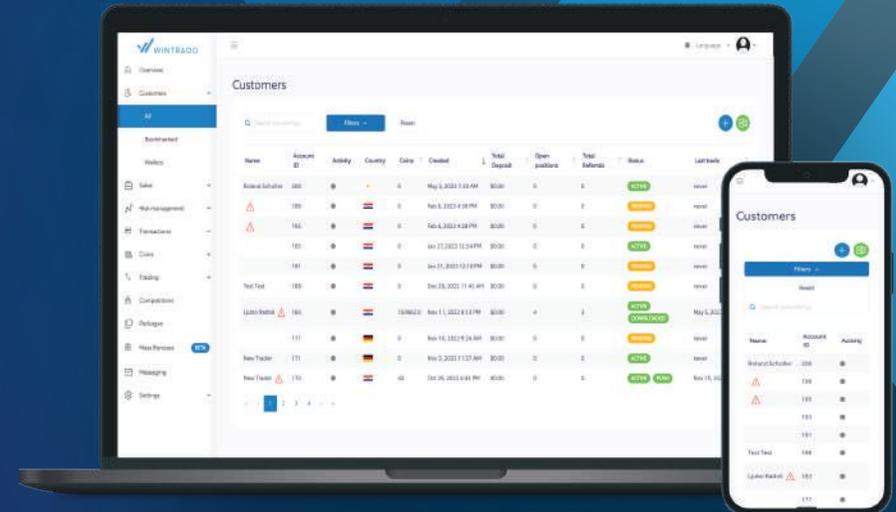

Supports 18 languages

# Our Built-in CRM A Jewel in the Crown

Our easy to use yet very efficient CRM comes together with the platform absolutely for free!  
(Which is unprecedented, you can save an average of \$3,000 to \$5,000 per month with this built-in feature!)

It features advanced sales and call center functionalities, integrates with our platforms for real-time management, supports affiliate programs, competition section, loyalty programs, email notifications, etc.
